3 Bedroom, 2.00 Bathroom, 1,836 sqft

Single Family on 0.29 Acres

Peachland, Peachland, British Columbia

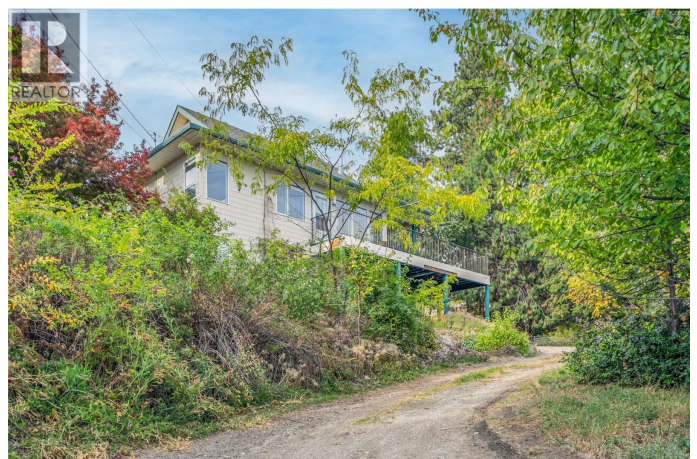

Calling all those who like a bit of a project with rich rewards!! This 3-bedroom 2-bath grade-level entry home, built in 1991, is mostly original and needs some care. However it has a good lake view, and great potential! The main level features an open kitchen to living room concept with a vaulted wood ceiling, parquet flooring, and a gas fireplace. The primary bedroom is spacious. At the front of the home is a room currently used as an office/den but could be a bedroom (would need a door). A full bath completes this floor. The lower level has a generous sized bedroom, full bath, a hobby room, laundry, and a large family room. The foyer leading into the home is spacious, featuring an entry closet and newer tile flooring. The furnace was serviced in 2024 and the hot water tank was replaced in 2025. The roof was done approx 12 years ago. The side yard is spacious, with a patio area and a newer shed. The driveway up is steep, but there is ample flat parking space at the top. This is a great option for someone wanting an Okanagan lake-view home, but happy to put in some sweat equity if they want a more modern look! (id:6289)
