Vacant Land on 0.00 Acres

N/A, Port Au Port East, Newfoundland & Labrador

This is the start of a new sub division in Port Au Port East, with only 5 lots to choose from, each at least 100 x 150 feet which is what you need for a new septic system. The community has municipal water supply that you would be able to hook up to. There are lots of beautiful features in this quaint little community just outside of the Town of Stephenville. At the end of this subdivision is more land that you can put park benches at to sit and enjoy the views or plant some gardens. The end of the subdivision has an easement by Newfoundland Power for the transmission lines, therefore no one can build any structures there, but it can be a common used property for the whole subdivision. Don't miss out, own your own little piece of quietness to build your own dream home on. (id:6289)
