Stunning!!! Just the word to describe this custom rebuilt family home, located on one of the cities premier streets. Completely striped to the studs back in 2012, this custom home, has some of the finer finishes and designs you look for in your forever home. The grand entrance to the main level, draws your immediate attention to the amount of open and natural light that comes from the large window and open floor plan. The 9 ft ceilings are a must leading to the custom, high end kitchen. The custom floor to ceiling stained cabinets are a chefs dream, along with the pristine white quartz countertops that go from cabinet to bar height. Making this the focal point for any sized gatherings. The next thing your eyes wonder to is, the oversized party patio that over looks the entire city! Measuring 32 x 36, this patio, has the ability to be sectioned for multiple uses and enjoyment. The main level also has a floor to ceiling stone fireplace that allows for a clean, cozy, fire anytime of the year. Not to overlook the main level laundry area, that has the same custom designed cabinets, along with direct access to the in house main garage. Upstairs there are three bedrooms, with an oversized primary bedroom, large walk-in closet and its own ensuite with customs designed cabinetry. If that wasn't enough to draw you in, for the bigger families the lower level is partially finished with a full family room, along with a cozy wood pellet fireplace. There is a bonus extra developable space that could easily

become a bathroom and bedroom. Along with the under garage full 20 x 20 workshop. The grounds are second to none, with a 1/3 acre lot that is divided up into a main area and an adjoining park like private space. The back yard is developed with plenty of green yard space, beautiful shrubs and trees, plus a full length driveway area that is great for overflow parking and storage.
