Multi-family on 0.06 Acres

East L, London, Ontario

This legal side-by-side 1.5 story duplex near London's core features a separately metered very spacious split level two bed unit with basement and a main level one bed unit. Opportunity knocks, it's calling the right buyer with high rent potential (\$3100+/month for both units; more for ambitious Buyer that opts to add an additional unit[s]). This is a very large duplex, one of the larger ones in the area, above ground square footage on ground level and a lofted upper level in both units, along with unfinished basement space offering lots of development potential. Both units feature separate entrances and one unit also has backyard access. Solid dual income rental property or for someone looking for income offset potential to live in one unit and use the rent from the other unit to pay down the mortgage. Clear height of basement throughout majority of basement is around 6'5"; making it viable for additional finished space or possibly a future third unit incorporating part of the main level. Consideration for adding additional unit(s) will be at the discretion of the Buyer and entirely up to their due diligence. Property is being sold as is/ where is without any warranties from the Seller. Property is now being offered with vacant possession and is currently vacant.
