Business on 1.30 Acres

N/A, Sechelt, British Columbia

Rare opportunity with active water extraction license and established branded "Sunshine Coast Spings" bottled water products. The property features two wells ' one currently in operation and the second drilled down to sea level with active water output. Currently supplying two types of water products (5-gallon and 3-gallon) to the surrounding community, including on-site filtration and bottling equipment. Given the current regulatory climate, new extraction permits are extremely difficult to obtain, making this a valuable and strategic asset for long-term investment. (id:6289)
