Vacant Land on 10.00 Acres

Kenora, Kenora, Ontario

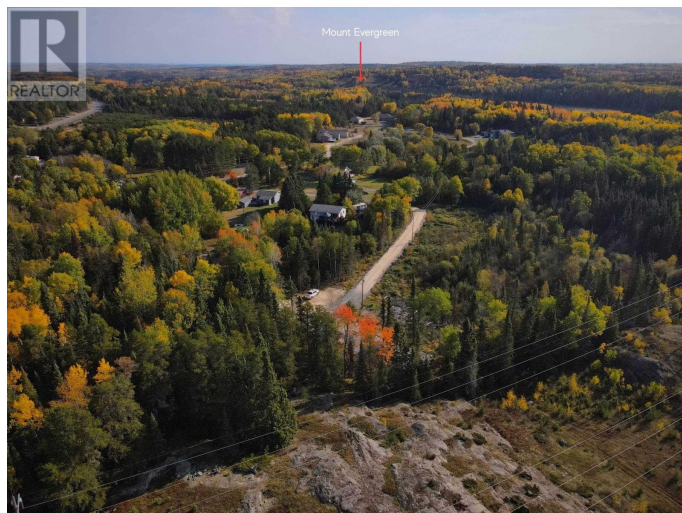

This 32-acre property offers more than just raw land. A new driveway brings you into a large clearing with two prepared building pads already in place. Hydro has been extended to the site and a new 200-amp panel is installed inside a solid 12' x 8' shed, giving you a head start on development. The property is crisscrossed with hiking trails, and an ATV route connects the main road to a forested section at the back, where the trails loop around the land. The hydro line runs through the parcel as well, creating additional access to the snow machine and ATV trails. With the infrastructure already underway, this is a practical and valuable site for your build, while still holding the character of a large wooded acreage. (id:6289)
